

# Your Crittall Journey starts here...

## 1 INSPIRATION

See Crittall projects online, on social media or in various publications that we are featured in, and get inspired to create your own endless design possibilities

## 2 RESEARCH

Check out Crittall or our social media platforms and websites to see the vast product range and project case studies to release your creativity

## 3 GET IN CONTACT

Use your preferred method of online enquiry form, email [enquiries@metwin.co.uk](mailto:enquiries@metwin.co.uk) or phone to contact us to enquire about your project, send any drawings/plans, or to arrange a showroom visit

## 4 DRAWINGS/DISCUSSION

We will evaluate any drawings and discuss various design options and product choices with you in order to create a fully personalised quote over the phone, email or face-to-face. Release your creativity as you choose from our vast range of design options including hardware, glass, finishes and more

## 5 QUOTE & AGREEMENT

Once we have agreed your project requirements we can create a unique quote for your project, incorporating your chosen products, glass, colors, hardware, delivery and installation

## 6 CRITTALL MANUFACTURE

We will contact Crittall with details of the order and arrange it all for you, which is processed and drawn by experienced Crittall designers, and sent to the factory for processing by skilled craftsman

## 8 COMPLETION

On completion of your project you will receive a signed Certificate of Authenticity that uniquely identifies your product as genuine Crittall with an iconic, Crittall branded plaque discreetly applied to the product

## 7 INSTALLATION

Your **estimated** installation date will be listed on your quote, and will be arranged to suit your time line. When the steel frames are manufactured by Crittall and have been delivered to us and quality checked, we will come to site for product installation
